PRES. WILSON ASKS AUTHORITY FOR USE OF ARMED FORCES

WILSON ADDRESSES BOTH HOUSES IN JOINT SESSION

Asks Use of Armed Forces of U. S. to Uphold Dignity and Rignts of the American Government.

FIRM AND PROMPT ACTION IS NECESSARY

Somber Faced Congressmen Give Roar of Cheers When President Ends Reading of Brief Message.

By Associated Press

Washington, April 20.—At three o'clock sharp President Wilson delivered his message to Congress asking for approval of the use of the armed forces of the United States in such a way and to such an extent as may be necessary to obtain from Huerta the fullest recognition of the rights and dignity of the United States.

His message reviews the incidents leading up to present situation.

He said:

"A series of incidents have occurred which cannot but create the impression that representatives of General Huerta were permitted and were willing to go out of their way to show disrespect and indignity to the American government and its representatives and felt perfectly safe in doing so leaving them free to show in many ways their disrespect and contempt for the American government."

The President finished at 3 12 o'clock amid a roar of applause

He did not ask authority for any apropriation of money at this time or for authority to call out the National Guard

"There can be thought of aggression or selfish interest in the steps we are about to take," he told the somber faced senators and representatives who packed the hall. "This government can, I earnestly hope under no circumstances, become involved with the people of Mexico If armed conflict does come it will be only as the result of Huerta's contempt, we should be only fighting Huerta and those are his followers and our object would be to assure to the people the opportunity to again take up the administration of their own laws and their own government."

In his message the President said

"It is my duty to call your attention to a situation which has arisen in our dealings with General Victoriano Huerta at Mexico City, which calls for action, and to ask your advice and co-operation in acting upon it.

"On the 9th of April a paymaster of United States Steamship Dolphin landed at the Iturbiz bridge at Tampico with a whaleboat and boats' crew to take off certain supplies needed by his ship, and while engaged in loading the boat was arrested by an officer and squad of men of the army of General Huerta Neither the paymaster or any one of the boat's crew was armed Two of the men were in the boat when the arrest took place and were obliged to leave it and submit to be taken into custody, notwithstanding the fact that the boats carried both at her bow and her stern, the flag of the United States. The officer who made the arrest was proceeding up one of the streets of the town with his prisoners when met by an officer of higher authority, who ordered him to return to the landing and await orders, and within an hour and a half from the time of the arrest orders were received from the commander of Huertista forces at Tampico for the release of the paymaster and his men.

"So far as I can learn, such wrongs and annoyances have been suffered to occur only against representatives of United States I have heard no complaint from other governments of similar treatment.

"Subsequent explanations and formal apologies did not alter the popular impression which it is possible it has been the object of Huertista's authorities to create; that the United States was being singled out with impunity for slights and affronts in retaliation for its refusal to recognize the pretensions of General Huerta to be regarded as the constitutional provisional president of the Republic of Mexico.

"The manifest danger of such a situation was that such offenses might grow from bad to worse until something happens of so gross and intolerable a sort as to lead directly and inevitably to armed conflict.

"It was necessary that the apologies of General Heurta and his representatives should go much farther, that they should be such as to attract the attention of the whole population to their significance. The present situation need have none of the grave complications of interference if we deal with it promptly, firmly and wisely."

U. S. NOT TO WAR AGAINST MEXICANS

PRESIDENT TELLS CORRESPONDENTS PURPOSE OF THIS COUNTRY TO HELP MEXICANS

APOLOGY MUST BE ADEQUATE

Huerta Must Make Such Amends as Will be Guaranty Against Repetion of Indignities

By Associated Press

Washington April 20.—President Wilson told Washington correspondents not to get the impression that the United States was going to have war with Mexico He pointed out that under no circumstances would the United States make war on the Mexican people

He said that he was asking for a joint session of the two Houses to tell them of the situation and to ask their approval of plans to meet the present situation He said that the issue was only one between the United States and a man who called himself President of Mexico but who the United States had never recognized

The desire of the United States he said was to help the Mexican people and that he did not feel any uneasiness that a war would result The measures he would propose he said were measures short of war although there was ample precedent for a declaration of war on the part of the United States

The president said that in reality this was not an occasion for asking additional authority from Congress strictly speaking but he desired to have the full cooperation sympathy and understanding of that body in the proceedings about to be undertaken Mr Wilson emphasized that he had lost patience with Huerta the United States was not going to declare war against him but would take steps to stop the offenses of which Huerta had been guilty against the dignity and right of the United States that such incidents might go from bad to worse and eventually bring about a cause for war He added that he thought it was wise to cut off these repeated offenses now

Final acceptance by Huerta of the terms demanded by the United States he indicated might change the plans in view He said that the Tampico incident was not alone involved and that the United States merely wanted such a recognition as would guarantee that the offense would not occur again

The president announced that he had a message of about 1,000 words ready which would take about ten minutes to read He declined to indicate the contents of the message

SAYS WILSON'S ACT IDIOTIC

SENATOR BRISTOW DECLARES PRESIDENT WILL NOT GET HIS SUPPORT

MANN ALSO OPPOSED

Underwood Says Congress Will Give President Wilson Anything He Asks For

By Associated Press

Washington April 20.—Republican Leader Mann of the House issued a statement today declaring that he was not in sympathy with the administration's policy

Senator Bristow said When President Wilson comes to Congress for the use of armed forces to compel Huerta to salute the flag he will not have my vote This thing of making war upon the Mexican people because of their refusal to obey the mandate of President Wilson to apologize is idiotic

Representative Underwood said Congress will do whatever the president asks which probably will be the seizure of Mexican ports and gunboats and steps to protect the lives and property of foreigners

ONLY ONE INTERCHANGE OF COMMUNICATION

By Associated Press

Washington April 20.—The only exchange of communications between Washington and Mexico City today was when Charge Algeras carried a communication from Senor Rogas at Mexico City to Secretary Bryan

He said it was somewhat different from the protocol proposed by Gen Huerta last night but Secretary Bryan said it was the same as that forwarded by Chargé O'Shaughnessy

After delivering the message to Secretary Bryan Mr Algeras telephoned Lind to Rojas that his report the American demand was delivered

2,500 SOLDIERS ORDERED TO EMBARK FOR TAMPICO

Detachment of Fifth Brigade at Galveston Preparing to Embark for Mexican Port Tuesday.

FOREIGNERS ARE WARNED TO LEAVE TAMPICO

Ships Chartered For Refugee Service and Army Transports. Warlike Preparations at Every Hand.

By Associated Press

Houston, Texas, April 20.—Orders have been received by General Funston for 2500 men of the Fifth brigade to embark Tuesday for Vera Cruz The railroads have been notified so that they may have their equipment ready so that no delay may result

The order came shortly before three o'clock this morning when the railroads began at once to get their equipment in readiness It was discovered that the necessary equipment was already on hand.

The entraining is to be done at the Grand Central Station

The Fifth Brigade is that portion of the command which is situated at Galveston and Texas City It will be the vanguard of the American troops to enter Mexico unless orders are given for the movement of additional troops

Developments of the next few hours will determine whether the troops will entrain or will return to their tents

Issues Warning To Foreigners

By Associated Press

Vera Cruz, April 20.—Admiral Charles F Hughes commander of the American fleet before Tampico today went ashore for a conference with General Maas in command of the federal forces here, and also for a conference with the commander of the port here He instructed them to order all foreigners in Tampico to go aboard refugee ships.

Commander Hughes then went on board the Spanish and British warships and informed them of the message he had delivered

Consul Canada is making arrangements to have the foreigners taken on board merchant steamers

Probable Procedure By the U. S.

By Associated Press

Washington, April 20.—The navy departments this afternoon stated that the Ward Liner Mexico now in the Gulf had been chartered for a refugee ship at Tampico The war department is closing options on several ships to be used as transports.

Army Transport Being Chartered

By Associated Press

Washington April 20.—While the administration's plans were not disclosed it is believed they are embodied in the following

1 Seizure of the Port of Tampico and Vera Cruz.

2 Seizure of Mexican gunboats.

2 Seizure of the railroad from Vera Cruz to Mexico City to point twenty miles west of Vera Cruz.

4 Probably a request for a special appropriation to carry out these movements.

NO TROUBLE FROM THE CONSTITUTIONALISTS

Attitude of Villa and Carranza Is Pleasing To the Administration

By Associated Press

Washington April 20.—The action of Carranza and Villa Secretary Bryan said today had proved very favorable and he did not expect any complications from the constitutionalists No orders were issued to the army today and their issuance depended on the outcome of today's negotiations

HUERTA NOT WORRIED OVER DEVELOPMENT

Mexico City April 20.—The formal reply of the Mexican government to the American demands was delivered to Chargé O'Shaughnessy at the foreign office this morning He however had been aware of the nature of the reply before

Provisional President Huerta displayed comparative indifference over the situation last night and spent several hours on the plaza at Chapultepec castle listening to the Mexican national band

Several hundred American residents at the same time were at the American club attending a dinner

ANSWERS ROLL CALL GREAT COMMANDER

W E BROTHERS SOLDIER, OFFICIAL AND PIONEER CITIZEN DIED SUNDAY

HAD LIVED HERE SINCE 1882

Was Lieutenant in Tennessee Co and Was First County Clerk of Wichita County

The career of William Edmondson Brothers soldier and pioneer citizen was brought to a close Sunday afternoon when death ended his long suffering and he fell quietly asleep The brave spirit that had not faltered at Murfreesboro or Shiloh and that sustained him unflinching through his last illness passed silent on to the ranks of the great majority and the life of usefulness and faithful service was terminated.

Death was due largely to a stroke of paralysis last winter, although Squire Brothers had been in failing health for some time due to Bright's disease Since the paralytic stroke he sank steadily and it was known several weeks ago that he could not survive

The funeral will take place this afternoon at four o'clock from the residence, 1408 Eleventh street, burial in Riverside cemetery Dr J L McKee will officiate, the services being a charge of the Masons and the Confederate veterans The former will serve as active and the latter as honorary pall bearers

In the death of Squire Brothers Wichita Falls lost a man who had served her citizenship well since the earliest days of the county and city He came to Wichita county in 1882 settling on a farm near Red River about where Burkburnett now is located When the county was organized he was the first county clerk serving in that capacity for four terms Later he was county commissioner and eight years ago, in 1906 he was chosen justice of the peace which position he still held at the time of his death

William Edmondson Brothers was born and reared near Lavergne Tenn on July 19 1843 Of his service in the war between the States mention is made below following that conflict he came to Texas and for a number of years was engaged in ranching near the present site of Stephenville Erath county and in other parts of the western range In the late seventies he returned to his old home in Tennessee for a time coming back to Texas and locating in this county Of his services in the Civil War and of his character probably the best estimate is taken from the history of his regiment in which there appears the following,

W E Brothers was born and raised near Lavergne Tennessee in Rutherford county He enlisted with Company E of the Twentieth Tennessee Infantry and served with it until the close of the war He was chosen third lieutenant of the company at Tullahoma to fill the vacancy caused by the death of Lieut F B Crosthwaite who was killed at the battle of Murfreesboro After the battle of Chickamauga he was promoted to second lieutenant on account of the death of Lieut J W Peyton

Brothers was then as he is now an unpretentious sort of fellow He had plenty of life and fun in him but did not choose to put his mouth into everybody's business He was a thinking man and rarely failed to catch on to everything of importance that transpired He was a great reader and when not on some sort of duty spent most of his time in reading as a result of which he was well posted on all matters available to a soldier

When a drum tapped no man was in his harness and in line ahead of Brothers he was in march every fight and always in his proper place regardless of danger It would be hard to find a better soldier in the Confederate army

He was a noble fellow mild brave and generous to a fault He was exceedingly popular in the company Lieut Brothers was one of the fortunate ones He received only two wounds during the war one at Shiloh and a slight one at Nashville No man in the regiment was more exposed than he for it is well known that he never shirked a duty from the beginning of the war to its close He was conspicuous in battle for his coolness and good judgment He was exempt from foolhardiness but for courage he was especially noted

Just before the surrender the Tennessee troops were consolidated into four regiments which of course left a great number of superfluous officers Brothers was one of these they were allowed to choose their own branch of service and Brothers chose old Company E of the original Twentieth and was paroled as a private at the end No man can truthfully say anything that would disparage Brothers, either as a soldier or a citizen

Squire Brothers was twice married His first wife was Miss Eliza Jane Hardin to whom he was wed December 18 1879 Of this union were born George Brothers and Margaret George Brothers was the first child born in Wichita Falls after it was made county seat The first Mrs Brothers died September 7 1887 On April 1 1889 Mr Brothers married Miss Eleanor Bell of Gilesburg Tenn the first of this month being the 25th anniversary of their wedding Six children were born to them

Mr Brothers joined the Masonic fraternity when a young man and was a consistent member of that order At the time of his death he had been a member of the Presbyterian Church for a number of years

Surviving are the widow and eight children George Brothers of Amarillo Mrs O R Dunn of Fort Worth W E Brothers Jr of this city Katherine Mrs Charles Maude and Al A sister Mrs P G Price of Friendship Tenn is now the only survivor of eight children

In the funeral this afternoon the active pall bearers were chosen from the ranks of the Masons The honorary pall bearers were to include all the Confederate veteran in this city and vicinity is follows

Robert Cobb George Simmons J E Webster H J Norwood J M Davis W C Sherrod I G McFall E S Mooney I M Bryant J J Woolhouse J D Carthers V S Kay H Lewis M Johnson W I Hoyard J W Davis W K Shaver W A Carroll A Freeman J M Hatfield C Allen J A Fleming B N Ferguson Joe Evans C I Waller

Two Men, Three Women, Opium Play Cards And Whiskey

These Were Captured In a Raid On a Room In a Downtown Building Early Sunday Morning

Two men and three women and a large quantity of opium playing cards and whiskey were captured early Sunday morning when police officers raided a downtown room The room was in the old City National building at Seventh and Ohio on the second floor near where a similar raid was effected several months ago The building is owned by H B Hines

Six occupants were found in the room when Night Chief Jernigan and Officers Will Allen and Lyons smashed in the door and entered Pallets were spread on the floor and there apparently the users of the Oriental drug reclined to enjoy its effects Some of those caught are thought to have been partially under the influence of the opium at the time but none were asleep from the fumes

When the officers entered two of the women were engaged in a jealous quarrel and this soon led to blows When the officers pried the combatants apart one of the three men escaped out the door which had been left unguarded A third woman was pulled out from under the bed

In addition to a considerably supply of opium with a pipe lamp and other utensils for its preparation and enjoyment thirty two pint and half pint bottles of whiskey were found by the officers and enough playing cards to start a gambling house were also seized

The three women gave their names as Jessie Clark Mary Jones and Ruth Singleton the men arrested were R Kendle and Ed Linston the latter figured in a previous raid of this kind Two of the women were allowed to pay fines of twenty five dollars and the other members of the party made bond for appearance in the police court this morning

The officers had the place under surveillance for some time especially since the previous successful raid Saturday night they found evidence that a little party was going on inside and at about three o'clock they secured entrance by the simple expedient of kicking the door down The arrests followed It is thought that the six inmates were preparing to cook a supply of the drug when the officers appeared The paraphernalia was hastily pushed under the bed where the officers found it

GRIPPE PREVALENT

How to Regain Strength After a Severe Attack

With so much grippe prevalent this winter a few words of advice regarding its cause and treatment will not be out of place

Grippe is an infectious disease easily taken when the system is in a tired or run down condition

The best means of prevention are to keep the blood in good healthy condition and if the system gets in to a weak run down condition take Vinol our delicious cod liver and iron tonic

A lady from Long Branch N J says Grippe left me in a nervous weakened run down condition After taking three bottles of Vinol I am better and stronger than I have been for years and I cheerfully recommend Vinol to all who have suffered from the grippe and need strength Sam furnished on request

We have never sold in our store such a valuable strength creator and health restorer for the convalescent the weak and run down as Vinol and your money will be returned if it does not do all we claim for it Miller Drug Store

NEW YORK'S NEW HEAD OF POLICE

COMMISSIONER WOODS HAS HAD A VARIED CAREER—ONCE A REPORTER

HARDEST JOB IN THE WORLD

He May Not Be a Goethals But May or Mitchel Believes He Is Man For the Job

New York April 20—An ex school teacher, a specialist in chemistry, a student of civil government formerly fourth deputy in charge of New York's detective bureau manager of vast Mexican timber lands, newspaper reporter—these are a few of the jobs that have been held by Arthur Woods who has been chosen by Mayor Mitchel for the hardest job in the world That hardest job is police commissiner of the city of New York—sometimes called and rightly so the worlds greatest political graveyard not even excepting the job of mayor of Greater New York

Police Commissioner Woods is 31 years old He may not be a Col Goethals but after close association with him for three months—that was the length of time Woods was secretary to the mayor Mitchel declares he is the one man for the job outside of Col Goethals Woods goes into his new post with a full realization of its responsibilities and the obstacles which will beset him Woods knows how such men as Greene McAdoo Bingham Cropsey and Waldo all passed before him in the same job with in a short space of time It would be hardly fair to call Woods immediate predecessor Douglas I McKay one of those who passed for McKay heroically (the word is well chosen) agreed to take the job after Waldo's sudden and demoralizing exit only until Mayor Mitchel could find a permanent occupant of this uncertain task Green McAdoo Bingham Cropsey and Waldo whatever their other failings were at least conscientious and diligent But they left the police commissionership disappointed some embittered The job but wrecked Roosevelt's chances for governor of New York so it is no sure thing that Arthur Woods has accepted

It will take several months at least before Woods makes good Although Woods goes into the job with definite ideas Woods will have his troubles with that unseen insidious and powerful thing the system to combat and fight from the start Woods not only brings to his new post the knowledge and experience he gained while fourth deputy under Gen Pinchot During a visit to Europe some years ago he spent several weeks studying foreign police methods He paid particular attention to the wonderful Scotland yard system of administration

If Commissioner Woods goes through with his first order issued the day after he assumed office he will make a long step toward breaking the system This order was that any member of the ranks may appeal directly to him on any but merely trivial matters Heretofore policemen and patrolmen have had to appeal through the whole gamut of superiors including lieutenant captain etc and on up to the commissioner Even a complaint against a superior had to be made through the man complained against Naturally the high up police officials don't think much of this new order But the 10,000 odd lower downs are cheerful about it

New York's traffic problem is as difficult of solution no doubt as finding the fourth dimension Certainly the New York traffic problem has not yet been solved any more than the fourth dimension has been It would take only one trip on the subways or elevated during the morning rush hours or the evening rush hours to convince anyone of the truth of this statement But and it ought to be spelled B I G the fact remains that New York's subway system is remarkable in many respects and the greatest of these is the fact that 2,195,000 to 2,500,000 passengers have been transported on the subway in the last nine years without a single passenger fatality

37,000 FIRES IN TEXAS SINCE DECEMBER 1910

Austin, Texas April 20—State Fire Marshal Wallace English made public a report showing that 37,000 reports of fires have been received by the state insurance commission since December 10 1910 Of that number 16,049 were of fires in dwellings apartment houses boarding house and private outhouses and of which number 11,984 or 70.4 per cent were preventable, 18.1 or 10.9 per cent were unpreventable and 3114 or 18.1 per cent from unknown causes

Of the 37,000 reports received 20,051 were of fires on all classes of mercantile risks, special hazards and other classes and of which number 10,988 or 54.8 per cent were preventable, 3769 or 18.8 per cent were unpreventable and 5294 or 26.4 per cent from unknown causes

Taking the proportion of preventable fires from unknown causes to be the same as for known causes the ratio of preventable fires on dwellings apartment houses boarding houses and private outhouses is 86.6 per cent and for all classes of mercantile risks the ratio is 74.5 per cent

WICHITA FALLS RECIPE

To Broil a Small Steak
(By Mrs T H Wilson)

Have a freshly cut T bone one inch or more in thickness trim off rind and pound slightly Have a thin frying pan very very hot with a little of the fat from the steak Brown one side turn quickly (do not stick with fork as it lets out all the juice) keep turning until cooked as much as desired then put in salt butter and pepper and push to back of stove turn often allow three minutes for seasoning to soak in Serve on hot platter with hot plates at table and don't allow steak to stand and wait If steak should be either dry or tasteless it improves it greatly to add three tablespoons strained coffee and two tablespoons Worcester sauce to other seasoning

(Recipes are solicited Any recipe that you have tried and found satisfactory will be appreciated Phone 1671 or send to Times office)

Give Your Youngsters More Peanut Butter

Some physicians say that it isn't good policy to give children very much meat and we guess they are about right.

Meat is a heavy food even for grown people Yet the youngsters must have strength giving food for the immense amount of energy they have stored up in their little bodies.

Peanut butter is better than meat and pleases them a whole lot better You can feed them as much as they will eat It won't hurt them and it is very nourishing.

Beechnut Brand is one of the best I have it in 10c, 20c and 30c jars.

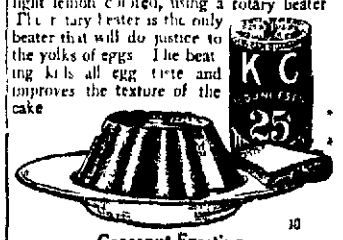
Here is a simple and inexpensive cake that can be varied in many ways with different frostings and icings It looks well baked in a tube pan, but will be equally as good baked in a square loaf

K C Gold Cake

By Mrs Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

½ cup butter, ½ cup sugar, yolks of 4 eggs, beaten light, 1 cup flour less 2 level tablespoonfuls, 2 level teaspoonfuls K C Baking Powder, ½ cup milk, grated rind of 1 orange

Sift flour and baking powder together three times, cream butter and sugar, beat yolks of eggs, add these to creamed mixture, and lastly add the moisture and flour alternately, beating batter until smooth Gold Cake can only be made successfully by beating yolks of eggs very, very creamy and light lemon colored, using a rotary beater The rotary beater is the only beater that will do justice to the yolks of eggs The beating kills all egg taste and improves the texture of the cake



Cocoanut Frosting

Beat the whites of 2 eggs dry gradually with half a cup of fine confectioner's granulated sugar the last gradually the frosting is smooth, thick and glossy then beat in grated cocoanut, fresh or prepared, and spread upon the cake This frosting is made thick by beating rather than by sugar

Save this recipe You will want to use it frequently Or better, send us the colored certificate packed in each 25 cent can of K C Baking Powder and we will mail you "The Cook's Book" containing this and 89 other baking recipes equally good—all by Mrs Hill Jaques Mgr Co, Chicago

Wichita aFlls, Texas, April 20, 1914

It has been charged that Col Tom Ball, pro Democratic candidate for governor, is not only opposed to statutory prohibition, but is also opposed to the the ten mile law and nation-wide prohibition Tomorrow he makes his opening speech at Greenville, and will make himself clear on those points. Those closest to him say that he favors submitting statewide prohibition to a vote of the people in 1915 It is probably due to his views on this question that has brought to his support so many prominent anti-prohibition leaders.

Hon Daniel E Garrett of Houston, one of the Congressmen-at-large elected two years ago, has announced for re-election to that office. He is an avowed Wilson progressive Democrat, and has stood with the president on the tariff, the currency and Panama tolls question, and on all other questions. He has made a splendid record in Congress, considering he is serving his first term. On the question of prohibition he is an outspoken pro He made this plain to the people of Texas when he asked for the office at their hands for the first time, and is not dodging the question. In fact, in his announcement for re-election he says "On the question of prohibition I stand where I have always stood—unalterably opposed to the traffic in intoxicating liquors. I regard the saloon as the one great enemy of the home, the church, the school, and the state, and in my opinion it has no proper place in our civilization. Yet, a man's vote on this question is not a test of his Democracy." So, it will be seen from this that Congressman Garrett is not a fence-rider or dodger.

April 20, 1898, or just sixteen years ago today, the United States of America sent to Spain through Minister Wodford its ultimatum declaring war, and at the same time a copy given to the Spanish minister at Washington, who left the same day. The next day the Queen Regent of Spain r ad her speech from the throne, and on April 25, 1898, the following declaration of war was declared:

"A bill declaring that war exists between the United States of America and the kingdom of Spain:

Be it enacted.

First—That war be and is hereby declared to exist and that was has existed since the 21st day of April, A D. 1898, including said day, between the United States of America and the kingdom of Spain.

Second—That the President of the United States be, and he hereby is, directed and empowered to use the entire land and naval forces of the United States and to call into the actual service of the United States the militia of the several states to such extent as may be necessary to carry this act into effect"

COLORADO TOURISTS HERE ON MAY SEVENTH

Text Of Huerta's Protocol Which the U. S. Refused

By Associated Press

Mexico City, April 20.—The following was Protocol which Huerta sent as his last word last night and which the United States refused:

"With a view of putting an end to the lamentable incident which occurred on the 9th inst., at Port Tampico caused by the detention of nine marines and one American officer, considering that such marines were immediately put at liberty by General Saragoza, commander of Port Tampico, and that said officer presented an apology to Rear Admiral Mayo, commander of the American squadron in those waters, that afterwards when the president of the Republic of Mexico became advised of the facts he expressed regret through the office of foreign relations for the incident and ordered that a full investigation be made to the end that the guilty might be punished, if they be found guilty and finally that the action in question was due to the zealousness of a subaltern which might be regarded as excusable, if it is taken into consideration that the marines had gone ashore in uniform without permission of the military authorities, the port being at the moment not only in a state of war but under attack by rebels, the Charge D'Affairs of the United States and the minister of foreign relations of Mexico, acting in their official capacity agree as follows:

"First, the Mexican government, inspired by a desire of showing the good will it feels toward the people of the United States and acting in the same manner herein as the United States has done in similar cases, binds itself that the American flag be spluted at Tampico by twenty-one guns from the Mexican shore batteries or a Mexican warship in those waters.

"Second, that the cannon referred to in the preceding article shall be fired at the moment when the American flag shall be hoisted to a mast head on the Mexican shore.

"Third, that the government of the United States binds itself to salute the American flag immediately following the salute of the Mexicans to the American flag with twenty-one guns of the man of war Dolphin or any other battleship at anchor in the waters.

"Fourth, the guns to which the preceding article refers shall be fired at the moment when the Mexican flag shall be hoisted to the top of a mast of the aforesaid man of war or of any other warship in those waters and to this end both contracting parties attach their signature."

In a statement issued last night, Secretary Bryan said:

"Early this morning a dispatch was received from Charge O'Shaughnessy saying that Gen. Huerta was willing to accede to the demand of Admiral Mayo providing a protocol was signed and setting forth a copy of the protocol. Charge O'Shaughnessy asked whether he was authorized to sign it. I communicated with President Wilson by telephone and at his direction sent a telegram to Mr. O'Shaughnessy of which the following is a paraphrase:

"'Copy of your telegram of 8 p m., last night was sent to the president was copy of my reply to the effect that a protocol would be objectionable The president replied

'Your reply to O'Shaughnessy is exactly what I should have wished it to be In no case should any concession of any kind, in detail or otherwise, be made.'

Will Not Recognize Huerta.

"I talked with the president over the telephone when your telegram of 11 p m., last night was received to the effect that Gen Huerta had acceded to the demand, but only on condition that you sign a protocol. He repeated most emphatically his objection to any protocol or agreement He insists that the salute shall not be fired as a matter of contract or with any stipulation that it be returned by us. It must be fired in accordance with international custom as an apology for the insult offered Gen Huerta must trust that the United States will live up to the requirements of international courtesy in returning his salute when it shall have been fired. The proposed protocol is especially objectionable, for it is so phrased that Gen. Huerta might construe it as recognition of his government, whereas the president has informed Gen. Huerta and the foreign governments that Gen. Huerta's government will not be recognized. Gen. Huerta's acceptance of the demand of Admiral Mayo must be unconditional, the details can be arranged directly with Admiral Mayo after Gen. Huerta announces that he will comply with that demand. Make it clear to Gen. Huerta that further negotiation sare unnecessary. It is expected that he accept at once in order that the incident shall be closed

"At 9 o'clock a telegram was received from Charge O'Shaughnessy, but it was not conclusive and stated that he would call at the foreign office at 10 o'clock for a final answer.

Huerta's Refusal Final.

"At 10 o'clock a telegram was received from Charge O'Shaughnessy conveying Gen. Huerta's final refusal. This was communicated to the president immediately by the telephone and he directed that a cabinet meeting be called for 10:30 o'clock this morning. Charge O'Shaughnessy's telegram in substance follows:

"'At 5:30 p. m. I called at the foreign office and was handed a note verbal by the minister of foreign affairs. The note states in substance that the government of Mexico is not disposed to accede to the unconditional demand of the government of the United States. It further states that the Mexican government is disposed to act according to the terms of the protocol, which I have transmitted to you. I informed him that so far as this embassy is concerned the matter is closed and that I immediately should inform my government that Gen. Huerta had refused definitely the demands of the government of the United States. A translation of the note will be cabled later.'

"The president will arrive at Washington at 8 o'clock tomorrow morning"

President's Ultimatum.

The White House later made public a paraphrase of Secretary Bryan's telegram to Charge O'Shaughnessy yesterday afternoon directing the deliverance of President Wilson's ultimatum. It was as follows.

"Say to Gen. Huerta in reply to yours of April 17, that the President of the United States feels great disappointment at his failure to make a prompt and willing reparation for insults offered to American sailors at Tampico, the offense being still further aggragvated by the subsequent arrest of a mail carrier of the United States at Vera Cruz. In the belief that Gen. Huerta would, on consideration, accede to the most reasonable demands of Admiral Mayo, time has been given him. From your telegram, it would seem that this government's forbearance has been misinterpreted Under the circumstances, the request for a simultaneous salute is as unjustifiable as is the arrest of American sailors and this makes it impossible for this government to consider further delay.

"You are instructed to inform Gen. Huerta that unless he announces his intention to comply with Admiral Mayo's demand by 6 o'clock p. m., Sunday, April 19, the president will lay the matter before Congress Monday with a view of taking such action to enforce the respect due our Nation's flag as may be necessary. Gen. Huerta can arrange the details of the salute with Admiral Mayo if he recedes from the position taken by him. Should he adhere to the position he has taken you will make the contents of this telegram known to the representatives of foreign governments and send a paraphrase of the telegram to all consulates of America stationed in Mexico so that it may be communicated to American citizens who should at the same time be reminded of the president's advice to withdraw from Mexico until order is restored

"You are instructed to inform us as to Gen Huerta's attitude and answer as promptly as possible"

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's *more economical—more wholesome—gives best results.* Calumet is far superior to sour milk and soda.

Clean up, clean up and keep cleaned up is the secret of success. To make our home and town more desirable, no citizen must shirk his duty and it wil ibe necessary to secure the united co-operation of the people. It can be done by systematic effort and is well worth the price in more ways than one. Cleanliness is th father of our civilization. In this respect "Man is his brother's keeper." The good health of his family, his neighbors and of his city depend largely upon his belief in cleanliness and his willingness to observe those laws of modern sanitation, which are enacted for the benefit of himself and his fellowman. The alleys of most cities are a prolific source of filth in which flies breed. A fly may lay 120 eggs and have millions of descendants in one season. They feed upon decaying vegetable matter, manure piles, dead chickens, bad trcit and all manner of decaying food. Let us not use our alleys for a dumping ground for such refuse and thereby provide a breeding place for the fly, a menace to health

LABOR CONTEMPT CASES BEFORE SUPREME COURT

For Third Time American Federation of Labor Leaders Alleged Contempt Before High Tribunal

Washington, April 20.—For the third time, the fight of President Samuel Gompers, former Vice President John Mitchell and Secretary Frank Morrison of the American Federation of Labor, to escape stigma and punishment for alleged contempt of court was staged today in the supreme court.

Re-argument of the labor leaders' appeal was specially ordered today by the high court before the "full bench" Absence of Justice Burton, who was ill, when the case was presented January 8 caused the re-opening of the litigation today. It was reported that the eight other justices stood four to four and that Justice Burton held the deciding vote, necessitating the re-trial today. When the order for today's proceedings was made April 6, it was stated that the court was in such grave doubt regarding the issues, the prominence of the defendants and the important questions of the right of free speech and freedom of the press involved, that re-hearing with every justice present was deemed imperative

Prominent labor officials occupied spectators seats today when counsel for the Federation officials and the special prosecuting committee of the bar clashed behind high battlements of law books That a final decision would not be handed down by the court before June or possibly not until next fall, was predicted today because of the re-argument

Judge Alton B. Parker of New York, once Democratic candidate for president and Jackson H. Ralston of the local bar, appeared today for the labor leaders. The prosecuting committee was J. J. Darlington, Daniel Davenport and James M. Beck, who represented the Buck Stove & Range Co., of St Louis in the original contempt proceedings.

That the arguments would consume most of today and part of tomorrow was believed when the contempt cases were called by Chief Justice White Judge Parker opened for the labor officials and Attorney Ralston will close the case with the prosecuting attorney "sandwiched" between.

The appeals today were from sentence to 30 days in jail imposed upon President Gompers and fines of $500 each upon Mitchell and Morrison, under a decree of the District of Columbia court of appeals, a federal court. The trial court, the district supreme court, had sentenced Gompers to one year, Mitchell to nine months and Morrison to six months in jail, these sentences being mitigated by the appellate court

The offenses charged against the three defendants were violation of an injunction of Justice Gould of the district supreme court against boycotting the Buck Stove & Range Co., in 1907 "Blacklisting" of the stove concern, despite the court's injunction by placing it upon the unfair or "We don't patronize" list of the "Federationist" was complained of Speeches criticising the court and particularly Justice Daniel Thew Wright, who imposed the original sentences, were cited as contemptuous. Impeachment proceedings were recently filed in the United States House of Representatives against Wright by Representative Park of Georgia. The arguments in behalf of the labor leaders today were that they had not intended to act in contempt of court, had purged themselves of any contempt by disavowing it and also that the statute of limitations barred their prosecution.

TODAY IS ANNIVERSARY ULTIMATUM TO SPAIN

Sixteen Years Ago On This Date U S Demanded That Spain Relinquish Authority in Cuba

Today, April 20 is not only a date of moment this year by reason of the events transpiring in the crisis with Mexico, but it is the anniversary of portentious developments just sixteen years ago when the fight with Spain was just brewing.

On April 20, 1898 the United States sent an ultimatum to Spain demanding that government relinquish its authority and government in the island of Cuba" Spain's refusal to comply was followed on April 21 by the formal declaration of war

On April 20, 1898 passports were issued to Senor Bernabe Spanish minister to the United States and shortly thereafter the brief but decisive struggle for mastery in Cuba was under way

MEXICO CITY AWAITS NEXT WORD FROM U. S.

Some Americans There Say They Will Stay Others Are Leaving For Mexican Seaports

By Associated Press

Mexico City April 20—The Mexican capital today awaited with intense interest the next word from Washington in reply to the refusal of Huerta to comply with the demands of the United States

All the morning papers carried statements by Senor Portillas Y Rojas, Mexican minister of foreign affairs outlining the position Huerta had taken justifying his refusal to fire the salute as demanded These statements were to the effect that the American flag was not flying on the boat when the blue jackets were first ashore, that the American flag had not been insulted, and that the compliance for an unconditional salute would be humiliating to Mexican national dignity

This statement is followed by one from Huerta advising Mexicans to refrain from any demonstration which might hinder negotiations with the American government.

Many American residents have made preparations to stay in the capital unless they are ordered to leave They express the belief that they will be in no danger Many others are going to Vera Cruz or other ports

Why Should I Smoke TUXEDO?

TUXEDO is the logical smoke for *millionaires* because it is impossible to buy a *better* tobacco.

Tuxedo is the logical smoke for the economical man because there are 40 pipefuls in a ten-cent tin—making the *average cost per pipeful only one-fourth of a cent!*

To buy cheaper tobacco means to get less pleasure out of smoking, because it is impossible to *make* a tobacco as good as Tuxedo at less than the Tuxedo *price!*

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo is made of only the finest, choicest selected leaves of perfectly aged Burley tobacco. It is made by the *original* Tuxedo process which takes all the *un*pleasantness *out* of tobacco and leaves all the pleasantness *in!*

Tuxedo has a deliciously mild, fragrant aroma that is pleasant to all. It is the *only* tobacco you can smoke in a room full of lace curtains without leaving even a trace of an odor.

A trial will convince you that Tuxedo is superior to every other tobacco you have ever smoked. Buy a tin—today.

STRONG MEN NEED OF PRESENT DAY

DR C B WILLIAMS OF FT WORTH POINTS LESSONS FROM LIFE OF SAMSON

DISCUSSES MODERN PROBLEMS

Address Dealt With Need of Samsons For Movement of the Twentieth Century

The need for men in the movement of the present day was discussed Sunday afternoon at the First Baptist Church by Rev C B Williams of Fort Worth who has been occupying the pulpit of that church as pastor ad interim. Several hundred men gathered at the church to hear the address. The talk was preceded by songs by the men present and by volunteer prayers. The subject was Mighty Men For Modern Movements.

Dr Williams took the lesson from Samson and his address dealt largely with the need of Samsons in this twentieth century. In the old days he pointed out one man would be selected as God's instrument on earth and reared to carry on His work but today this work was carried on not by one man but by many men, associated together in the various movements. He spoke of the need for virile Christianity in these movements and said all available strength was needed.

Strong Men Needed

"It's a man's job" he said "people inclined to think that the work of the church and saving mankind was only for the preachers and aid like Samson. He said that there were four general movements at the present time first the fight on the white slave traffic, second the effort to stamp out the divorce evil third the anti saloon fight and lastly the solution of the varied economic problems of the present day.

Of white slavery Dr Williams pointed out had been worked out in a short time after flourishing for years. In the white slavery of the present day in which the virtue and chastity and innocence of young girls was bartered and sold was far worse. The work had been going on for the horrors of this menace he said and the fight against it was gaining ground. Churches were lining up for the single standard of morality he said and thinking people everywhere were coming to a realization of the fact that there was no justification or maintaining of a woman who was not required of a man. He spoke of the speed of the anti segregation policy how great cities had adopted it and expressed the belief that it would eventually be adopted everywhere.

Dr Williams described the divorce evil as a national nightmare. The fight against it was gaining headway and he thought the day not far distant when the entire country would be united. The United States he said had more divorces than statistics had more divorces to the number of marriages than any country on the globe.

Saloon Greatest Curse

The greatest curse of today the speaker continued was the saloon which he described as the foe of American institutions. He referred to Secretary Josephus Daniels order to the navy to prohibit the sale of liquor on railroads and said he was confident officers were coming to realize the total abstinence of their employees in responsible positions. He favored national prohibition and said the saloon was doomed in this State. He referred to Maine as the driest state in the drinking country on the globe and that it contradicts the fight against the liquor traffic.

Good Grounds For Discontent

Referring to some of the concrete problems of today Dr Williams said he believed socialism was here to stay and he could see much that was praiseworthy and right behind the political party. There was some things wrong he believed with not over 1 family in every 200 000 men were out of work as at present he did not see that the laws were properly squared up. There were grave wrongs to be righted the speaker continued unless this country wished to face a social war within the next quarter century.

Three things Dr Williams said forced Samson for his fight to protect Israel against the Philistines. First was his supernatural birth in which God had intervened between the laxity of the mother and the weakness of a woman so today the speaker pointed out one purpose for men in Christian service was a supernatural birth and an intervention by the Almighty. Second was Samson's total abstinence he being pledged to refrain from liquor from earliest infancy.

There's something to that said Dr Williams we're having it on us today. You can't drink and retain your strength. Trainers of football players bid all players pugilists and others know that. It was one of the elements of Samson's strength.

The third thing he continued was the spirit of God working through Samson and this too was required in the work of the movements of the present time.

These other things were shown to have contributed to Samson's downfall. There was money there having been an intrigue between Samson's wife and the Philistines in which she was bribed. Second was woman working in an evil end. It was strange the speaker said that woman always

greatest blessing could in some cases be his greatest enemy.

Women some of them Christian he said were in a way the downfall of men today. Dr Williams illustrated by telling of men who were out of their minds and clothes and money that their wives might be in the world of society. Many men he said were in the penitentiary or dishonored owing to the extravagant demands of their wives. Lastly he said Samson lost his strength when he was out of the spirit of God.

How Samson Came Back

Prayer and then he came back for Samson. Dr Williams said the sacrifice was that of Samson's youth which he lost when he wrecked the temple. God said Dr Williams in consecration prayer and self sacrifice were required of those engaged in Christian service. He asked that God live in the people today that he might use everyone yes at respected.

NURSERY ESTABLISHED AT PRESBYTERIAN CHURCH

Mothers Can Hear Sermon While Infants Are Taken Care of By Others

Mothers who want to attend church but dont want to risk having the baby disturb the congregation can no longer offer that excuse at the First Presbyterian Church. That church has established a nursery as one of its adjuncts and ladies are to be in charge there during the services. Mrs C W Beaver and Mrs Bowler are to be in charge of the infants at first.

The nursery will be located in a room at the rear of the main auditorium of the church where the nurses may be opening the door hear the sermon when their charges are not on vocations. The nursery plan will go into effect next Sunday but was given a first trial Yesterday when Mrs Powers took charge of a lively young infant and carried it into the nursery where it soon went to sleep.

SAN JACINTO RECALLS DEFEAT OF MEXICANS

Seventy Eight Years After Terrible Defeat of Mexicans It All May Have to be Done Over

Tomorrow will be San Jacinto day the 78th anniversary of conflict which marked the end of the Texas struggle for independence from Mexico. The battle of San Jacinto was fought a few miles south of where the city of Houston stands today between the forces of General Samuel Houston, the Texas commander and those of Santa Anna, the Mexican chieftain, who appears to have been a sort of combination of Villa and Huerta.

The Texas army was outnumbered nearly three to one in the battle, the Mexicans confident of victory but not expecting a battle before April 22 were enjoying their afternoon siesta, when the trouble started. The Texans charged to the tune of Come to the Valley which was probably some rag of that day. Before the Mexicans could wake up large numbers of them were where they couldn't wake up and the rest were not enjoying themselves.

The memory of the massacres at the Alamo and at Goliad was still fresh in the Texans minds as they charged and Remember the Alamo Remember Goliad was their college yell as they fought. The Mexican contingent was prompt with its alibi and Me no Alamo Me no Goliad was the substance of the plea of more than one darkhued soldier.

The Mexicans retreated backwards a bridge over the Lavon affording their only egress from their position. Deaf Smith a Texan who was long on thinking but short on hearing had thoughtfully removed the bridge beforehand. Santa Anna was captured and his army thoroughly whipped. More than three quarters of a century later Texas may have to do the work all over again and is ready to repeat the performance with the trimmings and side dishes if occasion requires.

FIRST BAPTIST CHURCH CALLS REV. R. C. MILLER

Invitation Sent To Moberly, Mo Man and It Is Believed He Will Accept

The congregation of the First Baptist Church yesterday called Rev Roscoe C Miller to its pastorate. While he has not yet accepted it is believed that Mr Miller will consent to assume the duties here. He is now pastor of the church at Moberly Mo and has been there and at Sedalia Mo for the past ten years. On Sunday April 12 he preached to the congregation here and made very favorable impression. He is forty two years old and has a family of a wife and six children.

This church has been without a regular pastor since the resignation of Rev L P Poole last year. In the interval services have been conducted by Dr C B Williams of the theological seminary at Fort Worth.

The call committee of the church consisted of P B Huff L P Poole Clint Wood L A Harris and W J Robertson. It is expected that a pastor-elect will be called to take charge late in May.

NEW MEMBERS OF FORCE GET "POLICEMAN'S FOOT"

Two new members of the police force are already getting the "policemans foot". They hurried to Chief Nail yesterday and wanted to know what could be done to cure them of the malady which is giving them painful advice.

New policemen invariably have trouble with their feet due to the excessive walking and being on their feet. Patrolmen every here require a walk that can easily be recognized. Most of them experience their feet by sitting down whenever the opportunity offers. Of course a new policeman is going to do considerable walking.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess", says Mrs Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good.

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

A Complete Change of Program

For several years there been complected grandstanders across the Rio Grande have been putting on a continuous performance of cheap military vaudeville Shooting at each other with canary bird guns and reporting seven thousand killed and wounded The other day the greaser got grouchy and refused to say Good Morning to the Red White and Blue Your Uncle Samuel got awful hasty and if the Gringo don't get dreadfully polite awfully quick the Tamale makers are going to have to pay another installment on the Alamo

FRANCE IS THE HOME OF THE BEST PERFUMERS

America makes many fine perfumes, but for milady who craves the acme of perfection in the odor of flowers, her perfumes must come from Paris Many ladies have heretofore sent to New York to secure these perfumes, a wholly unnecessary proceeding now, for we have stocked our cases with the very best lines that France produces. The Mary Garden, the Hubegants, the Azurea, Floramye, Le Tre Fie, Dier Kiss, La Rose Jacqueminot and L Origan de Coty in all the perfumes, toilet waters and powders. We also carry all of the best American makes, including the Vantine, Palmers, Hudnuts, Willis H. Lowe, Melba, Colgates and the Soul Kiss.

We will be glad to send any of these to your home for selection

WHY WE WENT INTO THE COFEEE ROASTING BUSINESS

We have been playing the game for twenty-five years and always paid particular attention to coffee.

Always had a great deal of trouble in getting blends to suit us and for years before we commenced to roast bought our different coffees roasted separately and blended them ourselves and always enjoyed a splendid coffee business but coffees don't blend perfectly except in the roaster where the different flavors can combine harmoniously.

Years ago we bought a hand power roaster and experimented on a small scale but our business soon outgrew this and we had to go back to the Roaster.

In 1909 we built a small building at the rear of our store and rigged up the hand roaster with a motor and commenced to roast our coffee but did not let the public know we were doing so as we wished an unbiased verdict. Inside of ninety days our business had quadrupled and become too big to handle with our little plant so we ordered our coffees roasted again and went East to purchase a plant large enough to handle our increasing business. We bought the very best and up-to-date machinery obtainable and came back unafraid to ADVERTISE THE FACT THAT WE ROAST OUR OWN COFFEES, and since that time our business has increased faster than we dreamed. So we know we are right.

If you are using our FRESH ROASTED COFFEES there's nothing to say. If not, would be pleased to show you the difference.
